Education

National University of Bangladesh

Januray 2020 - December 2025

Bachelor of Science in Computer Science and Engineering

Technical Skills

Languages: JavaScript, TypeScript, HTML, CSS

Developer Tools: VS Code, Chrome Devtools

Frameworks: React.js, Next.js, Tailwind CSS

Projects

Grind CTRL – AI Messaging Automation Landing Page

Next.js, Tailwind CSS

- Built a responsive SaaS landing page using Next.js and Tailwind CSS.
- Designed a modern UI with sections for features, pricing, and call-to-action.
- Implemented mobile-first responsiveness and optimized layout performance.
- Deployed the project on Vercel for fast and reliable hosting.

PixelPlan – Social Media Content Planning Tool

Next.js, Tailwind CSS

- Built a responsive web application for planning and organizing social media content using Next.js and Tailwind CSS.
- Planned a clean landing page with clear product explanation and call-to-action for user engagement.
- Developed a dashboard interface to manage content planning in a structured and user-friendly way.
- Implemented a modern UI with mobile-first responsiveness and smooth navigation between pages.

BrightPath – Career Guidance Demo Website

Next.js, Tailwind CSS

- Created a responsive demo website using Next.js and Tailwind CSS to showcase career guidance concepts.
- Developed clear and visually appealing layouts with intuitive navigation and structured content sections.
- Ensured mobile-first responsiveness and optimized performance across devices.
- Deployed the project on Vercel for fast loading and seamless hosting.

Keystone – Task & Productivity Dashboard

Next.js, Tailwind CSS

- Developed a dynamic task and productivity dashboard with multiple functional views (Tasks, Notes, Calendar, Settings) using Next.js and Tailwind CSS.
- Built secure login and navigation flows for a smooth user experience across sections.
- Created responsive UI components and layouts for efficient task planning and note management.
- Deployed the application on Vercel with fast performance and reliable hosting.
